..in regard to address, that is. We were blessed to be participants in another unique real-estate transaction. The Lord went before us by putting us and our dear friends and ministry supporters, Tim and Maria Buehler, together in a win-win agreement that inspired all involved to give glory to God. (you may recall the incredible circumstances surrounding the sale of 117 College Avenue to Dave and Gill Lindhiem, also dear friends and ministry partners as we were preparing to go to Mexico) We actually entered into an agreement and submitted mortgage papers from Mexico on faith that this was the home God was 'giving' to us for such as time as this. He attended to every detail including providing the lowest interest rate available in June on the last possible day we were able to lock in. It is located less than 1 mile from

A Warm and Memorable Sendoff

The photo below was taken after our 'going away' gathering the Sunday before we started our drive for the border in early June. What an amazingly touching event it was as our dear Mexican friends and American co-workers brought many tears to our eyes with their graciousness and sincere care and concern for our family. The Lord's work continues in Los Heroes, of course-it's His work, but it does encourage us to hear of fruit being produced from planting and watering that we had a privilege to be a part of. Because of this send off event, several of our neighbors and many friends who were not connected with the fellowship of believers in Los Heroes called 'The Body of Christ' were introduced to our dear brothers and sisters and several of them have been attending church services or social events since then. Two Evangelical Mexican Churches in Puebla have begun helping with the work in Los Heroes and it has been a great blessing. Recently there was a gathering of over 50 people as Piedra Viva and El Camino joined 'The Body' in Los Heroes for a Sept. 15th Independence Day celebration. The opportunity for men's, women's, and youth Bible studies and retreats are now possible with the additional resources and male leadership. We also just found out a Southern Baptist missionary team is targeting Los Heroes as well. This is good news!

The families of Judy, Rosa and Tania after our farewell party. We have so enjoyed these friends! Judy is the only believer as far as we know.

Have you not known? Have you not heard? The LORD is the everlasting God, the Creator of the ends of the earth. He does not faint or grow weary; his understanding is unsearchable. Isaiah 40:28

Tyler prepares to 'turn' on an opposing E-town player

Lancaster Mennonite School where Tyler is a Junior and enjoying a successful season as a high impact starter on the Blazers soccer team. Keith is back to a full time sales position with Elexio and we are very grateful to have had this work available upon our return when so many are seeking a job. Wow! Dawn spends significant time in our home putting finishing touches on the décor and in the kitchen preparing healthy meals and special items to bless our family as well as the neighbors we are beginning to get to know here in our new community called The Oaks; it's a condo association with 78 homes and over 200 people. We hope to continue the good work that the Buehlers started in being a beacon for Him in this community. Keith and Dawn are enjoying the opportunity to study God's word in English again using the inductive method provided by Precepts. The 12 week study of Isaiah-part 2 entitled ' Comfort My people' has been very timely as we process our transition here in PA and become re-acclimated to life in the US. We continue to be amazed at how even 21 months in another culture changes the way you view your own. We are requesting Associate Membership with Crossworld as our return to Mexico will likely not be before the fall of 2011. While we will not be drawing regular support from our Crossworld account during this time, our account will be maintained in anticipation of re-engaging ministry to the people of Puebla when He wills. Time and resources permitted, we desire to visit the folks in Los Heroes annually. Thank you for joining us in prayer as we continue to seek His will and perfect timing.
